

Fused Glass Fun Lives Here

Fusing ... Your Way!

Welcome to "Fusing Your Way" where you tell us what you want to do and we make it happen! All classes are run in a fun, relaxed, open-house format.

No idea what to do? Between the amazing fused glass projects in our store, an ever growing catalog of designs and Marija's ever-churning and profoundly creative mind ... we've got you covered!

Since all projects are different, the cost of the class will vary with the projects you select. There is **NO CHARGE** for the instruction or use of the tools and space. You pay only for your supplies and kiln time.

This class requires a beginner's knowledge of cutting glass & fusing - as these techniques WILL NOT be discussed in this class. First time students are encouraged to take our Beginner's Fusing Class.

Beginner's Fusing

Welcome to "Beginning Fused Glass". This class is designed to introduce first-time students to the techniques of glass fusing and serves as a prerequisite for the "Fusing Your Way" class.

All classes are run in a fun and relaxed environment.

Participants of this class will learn the principles of fusing & slumping glass, as well as introductory glass cutting techniques.

After the instruction period, students will create their own square shallow dish from a variety of instructor provided patterns.

The class cost is \$75 and include instruction as well as all materials and kiln firings.

Marija Dambergs

Marija

Many years ago Marija arrived in the studio for a class and hasn't gone home since! So, we figured we'd put her and her talents to work. As a veteran of numerous classes & workshops, Marija now designs and administrates those same classes, as well as developing new ones.

Marija's true passion revolves around the kiln. Marija has emerged as a gifted fuser with an uncanny knack for color combination and a natural skill for creating captivating designs. Marija constantly strives to add new techniques to her skill set with the idea to passing them on to the eager student.

Recently Marija has emerged as a budding traditional glass painter and is instrumental in our studio's production of our world class liturgical stained glass windows and heritage glass restorations.

Always upbeat, Marija takes tremendous pride and personal ownership in all she does - whether it's teaching a class, experimenting with a new technique or perfecting a current one - Marija always gives her very best.
